**It's My Coins Count time again!** Your collections will help provide clean water to families around the world through Mennonite Central Committee and its partners. The money will be used for projects like building latrines in Uganda, piping water to villages in Nepal, capturing water in Bolivia, and drilling wells in Nicaragua. Families are invited to bring coins to add to the collection at the church which will be dropped off and counted at the Care and Share Home Store on Saturday, June 15. You can support the drive by offering to match the amount collected! Access to clean water helps children remain healthy, go to school, and eat better food. It also helps families stay together and reduces community conflicts. Thank you for making a difference in the world through MyCC and MCC!
